

Daytona Max Sports GTX

Short shaft. Stand higher. Don't do without anything.

Available from the end of April 2019.

The Max Sports GTX:

- + 6 centimetres higher thanks to internal cork sole elevation with leather cover
- + Velour applications
- + two zips for more comfortable entry
- + double shaft cuff
- + soft shaft edge
- + elastic, soft instep insert
- + strong, made from high quality water resistant material greased special full-grain leather.
- + waterproof and breathable thanks to Gore-Tex Duratherm Membrane
- + Textile lining (80 % polyamide, 20 % polyester)
- + hard-wearing PU switching reinforcement
- + Polyurethane foam midsole

- + Robust knuckle protection, the interior padded with special open-celled foam.
- + shin guard despite short shaft, padded inside with latex foam
- + thanks to plastic-reinforced inner sole and hot-dip galvanised steel inlay torsion-resistant, yet easy to unroll
- + 3M-Scotchlite heel reflector
- + non-slip rubber sole

Shaft height approx. 20 cm

Sizes: 35 – 45

Colours: black

Price: 299,95 €

Everything Daytona knows about boots has been incorporated into the Max Sports GTX. The premium boot scores on all corners and ends with its full equipment. Contemporary with a short shaft, its true secret lies in the sole: the leather-covered elevation of the cork sole is up to six centimetres higher.

All in terms of safety: the ankle and shin are protected, the sole offers maximum stability and is still comfortable when walking, a non-slip rubber profile at the bottom ensures grip, and the additional reflectors attract attention.

Two zips for more comfortable entry
