

Daytona Road Star GTX

Our classic in even more widths.
Available from March 2019.

The Road Star GTX has long been a legend - our most driven shoe, which has already won many awards. Because we know that no two motorcyclists are like the other, we now offer the Road Star in two new dimensions: XS is particularly narrow, XL offers extra space.

Daytona M-Star GTX

Our men's boot with six cm higher stand
in two additional sizes.
Available from March 2019.

We have added new sizes for the M-Star GTX:
44 and 45. The premium men's boot with full equip-
ment and six centimeters higher stand is now availa-
ble in sizes 40 to 45.
